STRENGTHS

- Quick learner, Positive Attitude.

MINOR PROJECT

Project Title: Aptitude Website

Topics: Web Development

Technologies/Tools used: Html, CSS, JavaScript, Nodejs, MySQL.

Description:

A quantitative aptitude website is like a digital toolbox filled with helpful tools and lessons to improve your math skills, especially in areas like arithmetic, algebra, geometry, and data interpretation. It offers a variety of resources, such as tutorials, practice exercises, quizzes, all designed to make learning math easier and more enjoyable. Whether you're preparing for exams, job interviews, or just want to boost your math skills, a quantitative aptitude website can be your go-to destination for sharpening your number-crunching abilities.

ACHIEVEMENTS

- Certified in C language from Codemantra Indore
- Secured third position in class in 10th Board Examination
- Participated in international seminar on Medical Device Manufacturing
- Certified in Python language
